TO WHOM IT MAY CONCERN

SERVICE LETTER

This is to certify that Ms. Lihini Gimhani was employed at CeylonX Corporation (Pvt) Ltd as a Full Stack Developer Intern in our Software Engineering Division. Their internship period was from January 20, 2026 to July 20, 2026.

During their tenure with CeylonX Corporation, Ms. Lihini Gimhani was actively involved in full-stack software development, making valuable contributions to key enterprise applications including the HRM System and the CRM Systems. They displayed a solid grasp of software architecture, front-end and back-end development, and agile project workflows. Their day-to-day responsibilities and primary contributions included:

Key Responsibilities & Achievements:

- Designing, developing, and maintaining scalable features for the HRM System and the CRM System platform.
- Collaborating with cross-functional development and design teams to build responsive user interfaces and robust server-side logic.
- Writing clean, efficient, and well-documented code across both front-end and back-end architectures.
- Participating in code reviews, bug fixes, system testing, and performance optimization to ensure high-quality software delivery.
- Assisting in database management, API integrations, and troubleshooting technical issues across active project environments.

Throughout the internship, Ms. Lihini Gimhani demonstrated strong professional diligence, a highly analytical mindset, and excellent problem-solving skills. They exhibited a proactive attitude towards technical challenges and successfully built collaborative relationships with team members across departments.

This service letter is issued at the request of Ms. Lihini Gimhani upon the successful completion of their internship program. We highly appreciate their contributions during their time at CeylonX Corporation and wish them every success in their future academic and professional pursuits.

Yours sincerely,

Mr. Thisal Wijesinghe,
Chief Operating Officer.
